

**ADAM** INC Is an 007 Publication, why I don't know, there is wonderful ring to the numbers 007- we'll anyway this you are about to receive is the main responsibility of Harold (Hal) Naus 1011 Barrett Ave, Chula Vista Ca; 92011 (714) 420-4237 the gateway to San Ysidro which is a stonethrow from Mexico. At present I AM NOT STARTING ANY NEW GAMES. Subs are \$2.00 for a years putout (but I am not asking any of you to send me one).

### THE SCHOOLS OF DIPLOMACY

What is a zine? - What is it main purpose?. To myself and a few others it is reporting the progress of regular and variant games of Diplomacy, and if possible to report of what some of the other zines are doing. When I first started out I tried to add a little humor to the magazine and leave the main discussions of the rules and how to play the positions to others who are more gifted with the art of bullshit than I am. In my head I can think of many things I would like to write about but my trash can gets filled with all the ideas that don't pan out and secondly I am lazy or laconic as Bob Lipton would say. Most press releases bore me and when they get to a page or more I find ways to eliminate them. Thirdly it is supposed to run as long as possible and not get piled under in a financial storm. So my good friends if you are looking for Articles like the Lepanto opening then don't look any further cause you won't find it here, just games upon games.

### EXCUSE DEPARTMENT

Most of the time I am late getting started on the magazine because I am indifferant to it and like a football player I have to get myself up to the task of doing it, this time I got snowed under with 31 sets of moves in the last two days and only two misses, so it will take me a while to type all of the games out, up to Saturday I had only one game completed.

### LAST ISSUE

Some of you in the new games saw moves the were a little different then what you might have submitted, the main reason for that is that there is nobody home till 3pm, and on Wednesday before the dedaline some kids in the area played postoffice with my mail and a neighbors, I got only two post cards out of the whole mess, so I had to use substitute moves for those that missed giving you the benifit of the doubt that your moves might have been included in the missing, I am also missing at this time the fees from the following. Bob Moore, Art Samuels, Richard Miner, Warren Wyman, Steve Altman- I know many of the players paid by check and some of you paid by cash, so if any of those that were named sent in their money by check, I haven't received them or if it was by cash I know I didn't receive them and if you haven't paid yet please do so, so I can complete my ledger of payments and not keep an extra book to clutter up my already cluttered desk.

And as Jackie Gleason would say if he played the game of Postal Diplomacy

AND AWAY WE GO.....ON TO THE GAMES.....
